Important:

Tighten each cap nut firmly. DO NOT over tighten any of the cap nuts as this may strip the screws. DO NOT sit or stand on the table as this may damage the product and cause serious bodily injury.

Care and Maintenance:

To clean, use mild detergent (nothing acidic), and clean and soft cloth. If you use special cleaning products (or chemicals), it is recommended afterwards to clean the furniture with the mild detergent and water solution with a clean and soft cloth. This will help ensure there is no residual product left over that could damage your furniture over time. Wipe dry with another clean and soft cloth to avoid water spots or stains from appearing.

Cushion Care: For best results, clean fabric with mild soap and water, and dry thoroughly to prevent water spots. Always clean prior to long term storage.

Caution: Never use abrasive cleaners or bleach.
