CARING FOR YOUR FURNITURE

Protect your investment

- The beauty of furniture care is that it helps to protect your investment, as fine furniture is an important purchase
- Proper care will help maintain your furniture's finish and ensure that it looks great year after year

• Caring for furniture

- Caring furniture is easy. Following a few simple guidelines will help extend the life of your furniture
- Always dust with a cloth moistened with polish. Polish cushions the cloth, eliminating the scratching that occurs with dry dusting. Dust will scratch furniture if not removed quickly. Use a soft clean cloth that won't scratch the surface. Avoid coarse or scratchy materials or fabrics
- Avoid using soap and water on furniture. Water can penetrate the finish and raise the grain on wood that cause damage to furniture.

• The Enemies Of Furniture

- Many common problems in furniture care are caused by the elements. If you are aware of these trouble makers the resulting damage can easily be avoided
- Sunlight's ultraviolet rays can damage wood finishes. Arrange furniture out of direct sunlight use sun screening intense sunlight hours rotate furniture in place and room arrangement
- Liquid spills will damage furniture if not removed promptly. Use coasters under beverage glasses and saucers under cups and flowerpots. If a spill occurs. Immediately blow it gently with out rubbing the surface.
- Heat creates a chemical change in the furniture finish. Which can result in a white spot. Use protective mats under hot dishes, utensils or cooking appliances
- Cyclic changes in temperature can damage furniture. Placing furniture near to central heating radiator and air dust should be avoided because this causes extreme localized drying of the wood

• Tips For Better Dusting

- Be sure to use the same type of polish consistently. Your furniture will appear cloudy or streaky if oil based or wax based polishes are interchange
- Always use a fine furniture polish when dusting. Never dry dust as it could cause scratches on your furniture's surface. Remember to change dusting cloths frequently since a dirty cloth may scratch your furniture's surface.
- Spray your furniture surface evenly but not too generously. Wipe in a circular motion with a soft clean cloth.
- Then buff until completely dry for a beautiful shine and smudge free finish. For wood trim spray polish on the cloth first then dust.
